

Training to all staff on hygienization and disinfection protocols.

All staff use individual protection equipment. Hand washing and disinfection are made several times along the day.

Social distancing at the lobby through and acrylic structure.

The number of guests at the front desk is limited to 4 people.

The number of guests inside elevators is limited to 2 people sharing the same room.

In all floors there are desinfectant gel dispensers so you can hygiene your hands.

Common areas and the more handled surfaces are clean and hygienized at least 6 times per day.

The cleaning of your room is made at two differentiated moments: the room is to air for 15 minutes; after this period, the room is clean using desinfectant in all surfaces.

At every check out, the room is blocked for 48h. The room will only be cleaned and disinfected after this period.

In common areas and inside elevators, guests must use protection masks.

To facilitate the contact with the front desk, we have a Whatsapp number available 24h.
